$250,000 IS MILAM'S RECOVERY QUOTA

LEGION PROGRAM ON JULY 4; WET AND DRY TALKS

Court Will Make Bid For Share Government Funds

Estimates as high as $250,000 were placed on the allotment of Federal Government money to Milam county under the Industrial Recovery bill just signed by President Franklin D. Roosevelt, terms of which were discussed at a meeting here Tuesday afternoon.

Chairman J. P. Love for the Milam County Emergency Relief Association, called a conference here attended by more than 100 citizens of the county Tuesday. J. L. White of Austin, representing Col. Lawrence Westbrook, director of the Texas Rehabilitation and Relief Commission created by Governor Ferguson, explained the details of the legislation.

Under th e terms of a motion passed by the conference a committee of seven met at the close of the meeting to make a survey of the needs of the county.

Judge Jeff T. Kemp of the county court, will devote Thursday afternoon to consideration of the report to be made by the committee. On the committee are H. C. Meyer of Rockdale, Chairman; T. S. Henderson, W. A. Morrison, Mrs. Kathryn K. Robbins, J. D. Baskin, Chas. Saller, L. L. Batte.

The original motion for a committee of five was amended to permit representation from the County Board ofE ducation. Under the terms of the act school districts may borrow from the government on a long time basis.

Primarily the response to the act from this county will be construct-

Our Town

By J. B. White

Sunday is Dad's Day. Nothing much will be done about it. He will understand that. He knows a lot about that sort of thing. Saw a sign in a shop window: "Sunday is Father's Day." The market place. He knows about that too. But it is well that some will remember. Dear Ol' Dad has been through some mighty trying times, yet he's still flashing that same ol' smile. Never complaining, he carries on just so his loved ones are provided for and happy. He's the rugged outpost of that sacred Empire where the light of heaven falls each day. He's no stranger to rain or tempest. Dad's great because he can take 'em on the chin. Tell him Sunday what a great guy he is. Make the day more than a headache from bad cigars. You're still his little boy. Go back again to the cradle of your better years. Be again what you were in the old days, sitting at the feet of the greatest hero the world ever had, a stranger to things. There in the soft light of the old hearth stone where your eyes first kindled to the romantic high adventure of life a gray haired Daddy still ponders his problems and dreams achievements for his son.

It is well to remember lest we should awake a stranger to responsibility, that debts once contracted must be paid. Taking advantage of government aid has too often been a mad ride after Fetich. Sane advantage, if taken, will result in much immediate benefit to the people. Industrial recovery must be had. Men must work. President Roosevelt is the hope of the world. In so stupendous a task we must not expect perfection. Nor can benefits approach maximum without response from the individual and of local governments. To speed up employment and to spur industry by help thus contrived by the government is the immediate concern. We must remain untouched by the too frequent urge to "get ours." Confining our requisition under the rehabilitation and public works act, to necessities and consistent with good business principles, will save us a big headache when pay day comes.

Governor Ferguson has signed the Boxing Bill. It becomes effective September 1. Texas has produced few cauliflower ears since 1895 when Governor Culberson outlawed the ring just when the boys were settling down to see Ruby Robert Fitzsimmons trim Gentleman Jim Corbett. Rangers have been busy for 35 years keeping the average American from seeing what delights his legitimate depravity. Shame on Texas, the moralists will say, but Texans will laud liberally and big fists will always be a good American institution.

The book by Chief Standing Bear, "Land of the Spotted Eagle," is out. It is a story of an Indian Utopia, a tradition of the great Lakota nation. Unsavory, perhaps, for Count Kaiserling's Virginia culture but good food for thought. Chief Standing Bear says: "Only the white man was nature a wilderness and only to him was the land infested with wild animals and savage people. To us it is tame. Earth was bountiful and we were surrounded with the blessings of the Great Mystery. Not until the hairy man of the East came with brutal frenzy, heaped injustices upon us and the families we loved was it wild for us. When the very animals of the forest began fleeing at his approach, then

REPEAL VOTE WILL BE SOUGHT BY COMMITTEE

Vote on the repeal of that section of the Texas Constitution permitting the manufacture and sale of light wines and beer, will be sponsored in Milam county by the Democratic Executive Committee, it was announced by Chairman J. B. White.

Petitions to the Commissioners' Court asking for an election will be presented in due time, it was said.

Miam county voted local option before the state prohibition became effective and it will be necessary for the voters to hold a local option referendum if Milam county is to share in the privileges of wines and beer in the event Texas votes wet.

The election will be held on August 26. At that time delegates will be elected to a state convention to act upon the proposed repeal of the 18th Amendment.

A convention is shortly to be held in Austin to select candidates for delegates and alternates.

Fashionable

Here is a young lady who is smart, chic and sophisticated. At least, the honor bestowed on her by the students of Texas Christian university, Fort Worth, implies that she is. Her name is Natalie Collins. She has been named the "Most Presentable" young lady in the school.

RECLAMATION UNLIKELY IN BIG AID PROGRAM

Reclamation of overflow lands in Little River bottoms and in the low lands of other streams was declared unlikely here Tuesday at a conference of community leaders to consider the industrial recovery bill of the present congress.

Inability on the part of the land owners to form levy districts and to pay 70 per cent of the cost, was seen as a barrier to any attempt to tame the big waters of Little River. Under the terms o f the act only 30 per cent of the total cost would be paid by the government.

These and similar projects are authorized under the terms of the Industrial Recovery legislation asked of Congress by President Roosevelt.

Kidnap Plot is Foiled

Boston, June 15.—The Boston Post in a copyrighted story tonight says that a plot to kidnap Sara Delano Roosevelt, grandchild of President Roosevelt was disclosed today at the same time a fire of mysterious origin swept through the home of James Roosevelt at Little Boar's Head, N. H.

Details of the threat, the Post said, were being kept secret, but the Post said it was learned from authentic sources that the Roosevelts had received warning of a plot aimed at stealing the president's grandchild.

1300 TINS OF FOOD UP FOR WINTER LARDER

Thirteen hundred tins of food were placed in the larder for charity use this winter at the community canning here Tuesday.

More than 100 men and women took part in the work which was done at the Yoe High School. The food preserved for distribution this winter consisted of beans and peas.

Miss Bertha Mae Strange, home demonstration agent, and Mrs. J. P. Love Chairman, were assisted by Mrs. Don Slocomb and Mrs. M. N. Kilian.

Vegetables were taken from community gardens and from contributions.

W. H. Phillips, colored demonstration agent and O. J. Thomas, superintendent of the colored schools, brought aid for the canning work with a number of negro women. The Boy Scouts also assisted. Lunch was served to the workers.

The next meeting will be held on June 20. Corn will be canned. Tomatoes will be canned June 27. Those who wish to contribute vegetables should see J. P. Love, relief chairman by Saturday, June 17.

Community canings are being held at Rockdale and Thorndale and meetings are to be held at Buckholts, Milano and Burlington next week.

ANOTHER $1 OF SCHOOL APPORTIONMENT PAID

Austin, June 13.—L. A. Woods, State Superintendent of Public Instruction announced today that another $1 remittance of state school fund apportionment had been made.

The latest payment leaves $7 of the $16 per scholastic apportionment unpaid. There are 1,567,177 scholastics on the rolls.

Prohlbition Repeal Issue Has Place on the Program

Edwin Hardy Post No. 9 of the American Legion has perfected its plans for the greatest July 4th celebration that has ever been held in Cameron. The program will begin Saturday evening, July 1st and continue through to midnight of July 4th.

The speaking program this year will include a leading speaker of the state, who will make a patriotic address, on the morning of July 4th. The headquarters for both sides, For and Against the Repeal of the 18th Amendment has been notified that they may have a place on the speaking program on the afternoon of July 4th. This is probably the most discussed question before the American people at this time and all interested are urged to hear these speakers.

A big carnival will be on the grounds and lots of fun for everybody.

The swimming pool will be open and swimming will be free on July 4th.

This big celebration will close on the night of July 4th with the greatest Fireworks Display that has ever been seen in Central Texas.

Spend the 4th in Cameron and have a good time.

FORT WORTH MAN TO LEAD REPEAL FIGHT

Austin, June 14.—Governor Miriam A. Ferguson today selected B. Y. Cummings, Fort Worth attorney, to be temporary chairman of a convention of anti-prohibitionists to select candidates for delegates to a state convention to cast Texas' vote on ratification of repeal of the 18th amendment.

Both prohibition and anti-prohibition conventions will be held in Austin June 27 to select candidates for the state convention that will be held Nov. 24. The candidates for delegate will be submitted to a popular vote at a special election Aug. 26. One slate will be headed "for repeal" and the other group "against repeal."

Morris Sheppard, senior United States senator from Texas and co-author of the 18th amendment, has been chosen to be temporary chairman of the prohibition forces.

MATTERN RESUMES TRIP TO ALASKA IN HIS FLIGHT

Moscow, June 15.—Jimmy Mattern Texas flyer, took off from Khabarovsk, Siberia, for Alaska on his trip around the world at 9 p. m. Moscow time (1 p. m. E. S. T.) Wednesday.

Soviet mechanics have overhauled his plane from stern to stern and he has been given expert advice as to the best route across the sea of Okhotsk. The Texan was forced by bad weather to return to Khabarovsk yesterday after his first start to Nome, Alaska.

11 States Vote Repeal of 18th Amendment

Massachusetts became the 11th state to ratify repeal of the 18th Amendment when complete returns from that state Wednesday indicated a 4 to 1 victory for the wets.

The loss of Indiana was a blow to the dry crusade. No state thus far has failed to vote for repeal. Straw vote poll in Iowa indicates that state will also follow the other 11 states in repeal voting.

Texas will vote on convention delegates August 26.

CAMERON DROPS RAGGED GAME TO TEMPLE TEAM

Mixing 14 solid base hits with walks and errors, the Temple Surgeons made a race track out of their game yesterday with the Cameron Sluggers, winning by a top-heavy score of 18 to 0.

Lefty Bishop, making his debut for the Surgeons limited the Sluggers to one hit during the five innings on the hill and Nick Bailes, big Temple firstbaseman, took up the pitching burden with equal success starting in the sixth, allowing only one hit.

The Surgeons hammered "Dad" Reimer, usually an airtight pitcher, for 14 hits, including a gob of dou-

The Fair Announces Final Clearance Sale

The Fair, owened by Chas. Zidell, popular Cameron merchant, announces a final clearance sale this week, to open at the store in Cameron Thursday morning.

Mr. Zidell in April announced a sale to close out his stock of merchandise. He is leaving Cameron. The sale announced for June is a further reduction in prices of his merchandise. He declares that all the goods must be sold and the prices quoted indicate they will be moved swiftly.

Mr. Zidell was formerly manager of the St. Louis Store. The Fair was established in 1932 and he has enjoyed a splendid business.

$200 A Minute Radio Contract Is Refused By Vice Pres. Garner

Washington.—Vice President John N. Garner today verified reports that have been persistent for nearly two months that he turned down an offer of $52,000 for four hours and 20 minutes time on the radio.

Offered $200 Per Minute

A radio concern offered Garner $1000 per week for 52 weeks. He was to speak five minutes each week and receive $1000 per week. The total time on the air would have been four hours and twenty minutes, or two hundred dollars per minute.

Garner today merely confirmed the report that he had declined the offer and made no comment on the fact. Friends, however, said that his reason for declining it was that in his long career in public life he had never received a cent outside of his public salary and for the carrying on of enterprises he began before his public life started.

Why Garner Refused

Garner told friends that he believed the offer would not have been made him had he not held public office and that to accept it would have been to have capitalized his office.

Garner was offered the privilege of talking over the radio on any subject he chose to speak on.

Use This Laxative made from plants

THEDFORD'S BLACK-DRAUGHT is made from plants that come up from seeds and grow in the ground, like the garden vegetables you eat at every meal. NATURE has put into these plants an active medicine that stimulates the bowels to act — just as Nature put the materials that sustain your body into the vegetable foods you eat.

In Black-Draught you have a natural laxative, free from synthetic drugs. Its proper use does not make you have to depend on cathartic chemical drugs to get the bowels to act daily.

Find out by trying Black-Draught what a good medicine it is for constipation troubles. In 25¢ pkgs. (dry).

P.S. — For Children, get the new, pleasant tasting SYRUP of Thedford's Black-Draught. 25¢ & 50¢ bottles.

McNamara Is O. K.'d For U. S. Marshal

WASHINGTON (Washington Bureau)—President Roosevelt today sent to the senate the nomination of Guy McNamara, of Waco, Texas, to be United States marshal for the western Texas district, and he was confirmed a few minutes later by the senate. He will succeed Scott White. The position pays $6500 a year, less the 15 per cent economy cut.

The senate also confirmed William H. Gilliland to be collector of customs at Port Arthur, Texas.

Not Ready to Announce His Staff Appointments

Guy McNamara, informed Saturday of his confirmation by the senate to be United States marshal, said he was not yet ready to announce his list of deputies, but had determined upon his choice for chief deputy. He was not ready to make his selection public, however.

WORLD WAR PAGEANT ON JULY 4TH PROGRAM

A pagent recording the events of the World War will be given by Edwin Hardy Post of the American Legion as part of its July 4th celebration.

"Life is a battle. Civilization is bought with blood. The story of the human race is one of struggle. Slow as the centuries, constant as time tragic as death, has been the making of the world's civilization. Mankind has always moved slowly, but its march has always been, and is now, onward and upward. Where the vanguard of civilization camps today, the rear guard camps tomorrow." Thus through the countless ages of mingled glory and gloom the children of men have marched through rivers of tears and oceans of blood,

PROPOSED AMENDMENTS To CONSTITUTION of TEXAS

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

S. J. R. No. 3

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of Texas be amended by adding thereto a section to be Section 8, which shall provide:

"Section 8. (1) Holding the belief that the highest degree of local self government which is consistent with the efficient conduct of those affairs by necessity lodged in the Nation and the State will prove most responsive to the will of the people, and result to reward their diligence and intelligence by greater economy and efficiency in their local governmental affairs, it is hereby ordained:

"(2) Any county having a population of sixty-two thousand (62,000) or more according to the then last Federal Census may adopt a County Home Rule Charter, to embrace those powers appropriate hereto, within the specific limitations hereinafter provided. It further is provided that the Legislature, by a favoring vote of two-thirds of the total membership of both the Senate and House of Representatives, may authorize any county, having a population less than that above specified, to proceed hereunder for the adoption of a Charter; however, as a condition for such authorization, it is required that notice of the intent to seek Legislative authority hereunder must be published in one or more newspapers, to give general circulation in the county affected, not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an Act making proposal hereunder may be introduced in the Legislature. No County Home Rule Charter may be adopted by any county save upon a favoring vote of the resident qualified electors of the affected county. In elections submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature) the votes cast by the qualified electors residing within the limts of all the incorporated cities and towns of the county shall be seperately kept but collectively counted and the votes of the qualified electors of the county who do not reside within the limits of any incorporated city or town likewise shall be separately kept and separately counted, and unless there be a favoring majority of the votes cast within and a favoring majority of the votes cast without such collective cities and towns, the Charter shall not be adopted. It is expressly forbidden that any such Charter may inconsonantly affect the operation of the General Laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems, or any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision inimical to or inconsistent with the sovereignty and established public policies of this State, and no provision having such vice shall have validity as against the State. No Charter provision may operate to impair the exemption of homesteads as established by this Constitution and the Statutes relating thereto.

"(3) a. A Charter hereunder may provide: the continuance of a County Commissioners' Court, as now constituted, to serve as the governing body of a county to operate hereunder; or, may provide for a governing body otherwise constituted, which shall be elective, and service therein shall be upon such qualifications, for such terms, under such plan of representation, and upon such conditions of tenure and compensation as may be fixed by any such Charter. The terms for service in such governing body may exceed two (2) years, but shall not exceed six (6) years. In any event, in addition to the powers and duties provided by any such Charter, such governing body shall exercise all powers, and discharge all duties which, in the absence of the provisions hereof, would devolve by law on County Commissioners and County Commissioners' Courts. Further, any such Charter may provide for the organization, reorganization, establishment and administration of the government of the county, including the control and regulation of the performance of and the compensation for all duties required in the conduct of the county affairs, subject to the limitations herein provided.

"b. A Charter hereunder may provide that Judges of County Courts (including that County Court designated in this Constitution), and Justices of the Peace be compensated upon a salary basis in lieu of fees. The jurisdiction of the County Court designated in this Constitution, and the duties of the judges thereof, may be confined to that general jurisdiction of a probate Court which elsewhere is defined in this Constitution. The office of Justice of the Peace may be made either elective or appointive. Other than as herein provided, no such Charter shall provide for altering the jurisdiction of procedure of any Court. The duties of District Attorney and or County Attorney may be confined to representing the State in civil cases to which the State is a party and to enforcement of the State's Penal Code, and the compensation of said attorneys may be fixed on a salary basis in lieu of fees.

"c. Save as hereinabove and hereinafter otherwise provided, such Charters, within the limits expressed therein, may invest the governing body to be established for any county electing to operate hereunder with the power to create, consolidate or abolish any office or department, whether created by other provisions of the Constitutions or by statute, define the duties thereof, fix the compensation for service therein, make the same elective or appointive and prescribe the time, qualifications and conditions for tenure in any such office; save, that no such Charter other than as hereinbefore authorized, shall provide to regulate the status, service, duties or compensation of members of the Legislature, Judges of the Courts, District Attorneys, County Attorneys, or any office whatever by the law of the State required to be filled by an election embracing more than one county. Excepting herefrom nominations, elections or appointments to offices, the terms whereof may not have expired proir to the adoption of this Amendment to the Constitution, at such time as a Charter provision adopted hereunder may be in effect (save as to those offices which must continue to be elective, as herein elsewhere specified), all terms of county officers and all contracts for the giving of service by deputies under such officers, may be subject to termination by the administrative body of the county, under an adopted Charter so providing, and there shall be no liability by reason thereof.

"d. Any county electing to operate hereunder shall have the power, by Charter provision, to levy, assess and collect taxes, and fix the maximum rate for ad valorem taxes to be levied for specific purposes, in accordance with the Constitution and Laws of this State, provided, however, that the limit of the aggregate taxes which may be levied, assessed and collected hereunder shall not exceed the limit or total fixed, or hereafter to be fixed, by this Constitution to control counties, and the annual assessment upon property, both real, personal and mixed, shall be a first superior and prior lien thereon.

"e. In addition to the powers herein provided, and in addition to powers included in County Home Rule Charters, any county may, by a majority vote of the qualified electors of said county, amend its Charter to include other powers, functions, duties and rights which now or hereafter may be provided by this Constitution and the statutes of the State for counties.

"(4). Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the refunding of a lawful debt, in a manner conforming to the General Laws of the State, and may issue therefor its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those resident qualified votes of the area affected by the taxes required to retire such obligations, who may vote thereon. In case of county obligations, maturing after a period of five (5) years, the same shall be issued to mature serially, fixing the first maturity of principal at a time not to exceed two (2) years next after the date of the issuance of such obligations. Such obligations may pledge the full faith and credit of the county; but in no event shall the aggregate obligations so issued, in principal amount outstanding at any one time, exceed the then existing Constitutional limits for such obligations and such indebtedness and its supporting tax shall constitute a first and superior lien upon the property taxable in such county. No obligation issued hereunder shall be valid unless prior to the time of the issuance thereof there be levied a tax sufficient to retire the same as it matures, which tax shall not exceed the then existing Constitutional limits.

"(5) Such Charter may authorize the governing body of a county operating hereunder to prescribe the schedule of fees to be charged by the officers of the county for specified service, to be in lieu of the schedule for such fees prescribed by the General Laws of the State; and, to appropriate such fees to such funds as the Charter may prescribe; provided, however, no fee for a specified service shall exceed in amount the fee fixed by General Law for that same service. Such Charters as to all judicial officers, other than District Judges, may prescribe the qualifications for services, provided the standards therefor be not lower than those fixed by the General Laws of the State.

"(6) a. Subject to the express limitations upon the exercise of the powers by this subdivision to be authorized, such Charters may provide (or omit to provide) that the governmental and or proprietary functions of any city, town or district or other defined political subdivision (which is a governmental agency and embraced within the boundaries of the county) be transferred, either as to some or all of the functions thereof, and yielded to the control of the administrative body of the county. No such transfer or yielding of functions may be effected, unless the proposal is submitted to a vote of the people, and, unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature, such a proposal shall be submitted as a separate issue, and the vote within and without any such city, town, district, or other defined governmental entity, shall be separately cast and counted, and unless two-thirds of the qualified votes cast within the yielding defined governmental entity, and a majority of the qualified votes cast in the remainder of the county, favor the proposed merger, it shall not be effected. In case of the mergers hereby authorized, without express Charter provision therefor, in so far as may be required to make effective the object of the proposed merger, the county shall succeed to all the appropriate lawful powers, duties, rights, procedures, restrictions and limitations which prior to the merger were reposed in, or imposed upon, the yielding governmental agency. Particularly, it is provided that the power to create funded indebtedness and to levy taxes in support thereof may be exercised only by such procedures, and within such limits, as now are, or hereafter may be, provided by law to control such appropriate other governmental agencies were they to be independently administered. Such mergers may be effected under proposed contracts between the county and any such yielding governmental agency, to be approved at an election as hereinbefore provided for. In order to increase governmental efficiency and effect economy the county may contract with the principal city of the county to perform one or more of its functions, provided such contracts shall not be valid for more than two (2) years.

"b. In cases of the partial or complete merger of the government of a city operating under a Home Rule Charter, with the government of a county operating hereunder, those city Charter provisions affected thereby shall cease to control, and the county Charter provisions shall control.

"c. When any embraced incorporated city or town elects to merge its governmental functions with those of the county under the provisions hereof, such Charter may provide for defining or redefining the boundaries of such cities and towns, provided, however, that the defining or redefining the boundaries of such cities and towns, such boundaries may be extended only to include those areas contiguous to such cities as are urban in character; and as to such cities or towns and for the benefit thereof the county, in addition to the primary city and county tax herein authorized and any other lawful district tax, may levy and collect taxes upon the property taxable within such city or town as defined or redefined, within the limits authorized by Sections 4 and 5 of Article XI of this Constitution, (or any Amendment thereof) for incorporated cities according to the population, provided that no tax greater than that existing at the time of such merger or for any added purpose shall be imposed upon any such city or town unless authorized by a majority of all votes cast by the resident qualified voters of such city or town.

"d. Areas urban in character though not incorporated, under appropriate Charter provision may be defined as such by the governing body of the county, provided, however, that no portion of the county shall be defined as an urban area unless it has sufficient population to entitle it to incorporate under the then existing laws of the State; and no such urban area, when created, shall be vested with any taxing or bonding power which it would not possess if it were operating as a separate incorporated unit under the then existing Constitutional and Statutory provisions of this State; and provided further that the governing body of the county for the government of such areas shall have and exercise all powers and authority granted by law to the governing bodies of similar areas when separately incorporated as a city or town, and such areas shall be subject to additional taxation within the same Constitutional limits as control taxation for a city or a town of like population. Likewise such Charter may provide for the governing board of the county subject to existing Constitutional and Statutory provisions to define, create and administer districts, and have and exercise the powers and authority granted by the Constitution and laws relative to same.

"(7). No provision of this Constitution inconsonant with the provisions of this Section 3, of Article IX, shall be held to control the provisions of a Charter adopted hereunder, and conforming herewith. Charters adopted hereunder shall make appropriate provision for the abandonment, revocation, and amendment thereof, subject only to the requirements that there must be a favoring majority of the vote cast upon such a proposal, by the qualified resident electors of the county; and, no Charter may forbid amendments thereof for a time greater than two (2) years. The provisions hereof shall be self-executing, subject only to the duty of the Legislature to pass all laws (consistent herewith) which may be necesary to carry out the intent and purpose hereof. Further, the Legislature shall prescribe a procedure for submitting to decision, by a majority vote of the electors voting thereon, proposed alternate and elective Charter provisions."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all ballots shall have printed thereon the following:

"For the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more sufficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

"Against the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

Each voter shall scratch out one of the above listed clauses on such ballot, leaving unscratched that particular clause which expresses his vote on the proposed Amendment to which it relates.

Section 3. The Governor of this State is hereby directed to issue the necesary proclamation ordering an election in conformity herewith to determine whether or not the proposed Constitutional Amendment set forth herein shall be adopted, and the Governor shall have the same published as required by the Constitution and laws of this State,

W. W. HEATH,
Secretary of State.

HARRY ROGERS GIVEN BAIL IN SLAYING

Harry Rogers, of Rogers, charged with the murder of Garnet Beardon, 19, also of Rogers, was released Saturday under bond of $5000.00. Examining trial for Rogers was held before Justice of Peace Gus Evans.

Bearden was killed about 6 miles from Rogers while allegedly looking for some negroes who failed to show up and play for a dance. An Altercation is supposed to have occurred when he approached a car parked by the side of the road in which Rogers and his companion were sitting.

The case was investigated by District Attorney Henry Taylor and Sheriff George Zivley of Bell county who allowed the case to be transferred to Milam county because the killing actually occurred over the Bell county line in Milam county.

Sheppard Heads Anti Repeal Convention

Austin.—Governor Miriam A. Ferguson today set in motion machinery that will get from Texans on August 26 next an expression as to their attitude about repeal of the national prohibition amendment.

Names Sheppard Chairman

She named Morris Sheppard, senior U. S. Senator from Texas and coauthor of the 18th amendment, temporary chairman of a convention to be held here on June 27 when the anti-repealists will select a slate of candidates for delegates to a state convention to be held November 24 when the state's formal vote an the issue will be cast.

The legislature enacted a law empowering the governor to select the temporary chairman for conventions of those for repeal and those against repeal to be held in Austin on the same day, to name candidates as delegates to the later convention. She had not named the temporary chairman of the repeal convention.

The August 26 ballots will carry names of proposed delegates of repealists and names of proposed representatives of anti-repealists Each faction also will select 31 alternates. Names of the delegates will appear on the ballots in groups under headings of "For Ratification of the Twentieth Amendment," and "Aganst Ratification of the Twentieth Amendment."

Take a Pinch of BLACK-DRAUGHT For *Distress After Meals*

He had suffered distress after meals, but by taking Thedford's Black-Draught he was relieved of this trouble, writes Mr. Jess Higgins, of Dawsonville, Ga.

"I had sour stomach and gas," Mr. Higgins explains, "and often I would have bilious spells. I read about Thedford's Black-Draught and began to take it. It relieved me of this trouble. I keep it all the time now. I consider it a fine medicine. I take a pinch of Black-Draught after meals when I need it. It helps to prevent sick headache and to keep the system in good order."

Now you can get Black-Draught in the form of a SYRUP, for CHILDREN.

80 Cent Wheat Now Reality; Oats Also Soon

80-cent wheat and 30-cent oats became realities on the board of trade today. Prices of these grains reached the highest point of the season in active trading which followed the issuance of an official crop report yesterday indicating the smallest wheat crop since 1904. Wheat gained 1 3-4 cents a bushel, with oats topping this with 1 7-8 cents. This carried the December delivery of wheat to 81 cents and the same delivery of oats to 32 318 cents at the close.

NOTICE!

DELINQUENT TAX PAYERS

Senate Bill No. 262 passed by the recent session of our Legislature gives you another chance to escape the heavy penalties and interest imposed by law in the usual course of delinquent taxes. There is a clause written into this bill in which the 43rd Legislature declares that this should be the last Act remitting penalty and interest on Delinquent and past due taxes. Therefore we urge you to avail yourself of the provision of this law.

You may pay past due taxes for any year or years by paying the amount of the taxes plus a penalty of one per cent (1%) provided you pay the taxes not later than September 30th, 1933. If your taxes for any year is $1.00 you pay $1.01, if taxes are $100.00 you pay $101.00. For 1929 and all prior years there are certain delinquent costs which are due and which must be remitted. For 1930 and later years no costs are due during the period covered by the Special Law.

Under the law as same has been construed by the Attorney General all those who paid one-half 1932 taxes prior to November 30th, 1932, must pay second half not later than June 30th, 1933, or pay usual penalty, interest and costs after that date.

We urge all persons delinquent to make ready and pay up under this plan. Remember that to pay on this basis you must make payment not later than the last day of September, 1933.

Respectfully yours,

ROY LAW

OUR TOWN

(Continued from page 1)

it was for us that the wild west began."

Mankind has been at war with a certain kind of mosquito, the anopheles, for centuries because its bite gives people malaria. But now the anopheles mosquito is being ranked as a friend to mankind because its bite cures a far more dread disease, paresis or softening of the brain, which once meant one of two things—certain death or insanity. Science has established a strange new truth. The Rockefeller Foundation and the Florida Board of Health are raising mosquitoes in Florida for this purpose. At the state capital, Tallahassie, there is a station for Malaria Research, where victims of paresis may go to "make an appointment" with a mosquito for a curative bite. Cure for insanity now seems assured from mosquito bites. The highest scientific honor in the world, the Noble Prize, was awarded to the discoverer of this fact, Dr. Julius Wagner-Jauregg of Vienna. Before this scientific discovery there was no known remedy for paresis, and no hope for the sufferer but to die or to end his days in the insane asylum.

Tax Collector Law has a message of interest to defaulting tax payers. The Legislature has provided a way for the property owner to escape the heavy penalties imposed by law in the usual course of paying delinquent taxes, he says. You may now pay your delinquent taxes for any year past due for the amount of the taxes plus a penalty of 1 per cent. This statement contained in this issue will be of interest to all property tax payers who have found the depression a barrier to keeping faith with the public treasury.

The American Legion will arrange a celebration July 4. We may always depend on the spirit of 1917-18 for a patriotic observance of this occasion. Of interest to all the program admits a discussion of the wet and dry question. Both sides have been granted the privilege of speaking on that day. The Legion takes no part in the controversy, but passes the opportunity on to the contending forces for an appeal to the judgment of the American Eagle.

A PRETTY BRIDGE PARTY

Pretty pink and green shades lent charm in the decoration when Mrs. Mack Fox entertained with contract bridge at her home Friday afternoon, using roses zinias and ferns at attractive points, resting in vases, baskets and containers.

Five tables carrying out the chosen theme reflected the dainty coloring in the accessories. High score was won by Mrs. A. J. Triggs who received a pretty green jewell box, and in the cut for high Mrs. George Childress, Jr. was lucky and was given a pink jewel box.

The hostess was assisted by Mrs. S. A. Cottle, Mrs. W. R. Hoover and Mrs. A. E. Kruse in serving.

Out of town guests were Mrs. Cecil Warren of Fort Smith, Arkansas, Mrs. Fontain Flinn of Bishop and Mrs. Frank Wendt of Spearman.

IMPROMPTU LUNCHEON

A group of young people gathered at the home of Mr. and Mrs. W. I. Clark Saturday evening where they enjoyed a hit and miss luncheon. This was followed with games.

MRS PATILLO ENTERTAINS WITH BRIDGE PARTY

Mre. Henry Patillo chose dainty pastel tints for her decorations Friday afternoon when she entertained with bridge at her home. Roses, sweet peas, zenias and crepe myrtle were used in the reception rooms given over to the entertainment. Games held interest for a season when the hostess served refreshments, carrying out the chosen colors on trays centered with a cake in colonial doll design, dressed in the opalescent tints, which were given to the person making the highest score at each table. Those winning were: Miss Ruby Lengert, Mrs. Lester Glass, Mrs. Penn Wolf and Mrs. P. W. Davis.

Miss Dulce McCall and Mrs. Charlie Nabours assisted the hostess in the hospitalities of the afternoon.

CONTRACT BRIDGE

Mrs. La Bertice Robinson entertained with a contract bridge party honoring her sister, Mrs. Frank Wendt, at the home of her mother, Mrs. Arthur Baskin, Thursday afternoon.

Decorations of early summer blossoms added much to this already attractive home. At the close of the games Mrs. Conn Moody was awarded high score prize and Mrs. Lovdie Thomas low score.

FRIDAY CONTRACT BRIDGE

The Friday Contract Bridge Club had as hostess Mrs. Claude Triggs at her home on E. 25th street.

Pink zinias were used as decoration adding a vivid splendor to the inviting scene. High score was made by Mrs. George Childress, Jr.

A salad course with ice tea was served at the close of the games.

Guests other than club members were: Mrs. John Cecil Culpepper, Miss La Verne Bowmer and Mrs. Shofner Sterling of Pearsal.

BIRTHDAY PARTY

Mrs. George Hooks entertained Friday afternoon in honor of her daughter, Patsie Lou Hooks' third birthday. A number of friends came in to help her pass the afternoon. Games were enjoyed on the lawn and later ice cream and cake were served.

The honoree received many gifts that delight the heart of a little girl like Patsie. All left wishing her many returns of the day.

Modern Atlas

If you see this gentleman on the highways don't blame his eccentricities on the depression or the hot weather. He's a perfectly sane football player who thinks he can keep in condition by carrying this bale of cotton on his back from Dallas to the World's fair in Chicago. He is Cecil D. Burns, and the lady is Mildred Brown of Dallas, who will not accompany him, but merely climbed aboard on a dare.

BUSINESS WOMEN

Miss Annuie Stallworth was hostess to the business and Professional Women's Club Tuesday evening at the Big-Bee house. The meeting was held on the lawn which was electrically lighted. Miss Stallworth is the new president, succeeding Mrs. Lottie Bigbee.

An account of the recent State meeting which was held at San Angelo was given by Miss Stallworth, who went as a delegate.

At the conclusion of the meeting the hostess served a dainty refreshment plate with ice tea.

BAPTIST MISSIONARY SOCIETY

All circles of the Baptist Missionary Society met at the church Monday afternoon for a Missionary program taken from Royal service, with Mrs. Conn Miller leading the lesson. Each organization that is sponsored by the society was represented and gave report on their work, telling how they enjoyed their work.

The meeting was followed by a social hour and the ladies of the Lois Howard Mashburn group served refreshments on the lawn.

Next Monday they will meet in homes at four o'clock. The Lottie Moon Group will meet with Mrs. Conn Miller for Mission study.

Mrs. W. H. Henley will be hostess to the Lilly Mae Hundley circle for a Bible study.

Miss Clara Thomas will have the Eunice Taylor Glass circle at her home for Bible study.

The Lois Howard Mashburn group will meet at the church in the Men's Bible Class room for a missionary lesson.

The Sunbeams met at the church Monda y afternoon with 36 members present. Next Monday they will meet at the church.

R. A.'s met Wednesday at 4 o'clock with Fred Graves as sponsor.

LAWN PARTY

Miss Rosalie Matocha entertained Tuesday evening with a lawn party at the home of her parents, Mr. and Mrs. B. P. Matocha in honor of her cousin, Miss Edith Mikulik of Flatonia, who is her house guest.

Handsome zenias and ferns were placed in baskets and vases at attractive points on the lawn, porch and parlor, carrying out a pretty pink, green and lavender color scheme.

Closing a delightful evening, the hostess, assisted by her mother, served ice cream and cake.

PEMBERTON-HARRIS

Wayne Pemberton and Miss Don Harris were married at the First Baptist church in Bryan Saturday, June 10 at 8 p. m. The ceremony was witnessed by his mother, Mrs. Nora Pemberton and sister, Mrs. Cora Partee, and mother of the bride Mrs. Harris of Cameron.

The bride was attractively dressed in pink crepe with white accessories. After the ceremony they accompanied his mother to Cameron where they visited for a short time, returning to Bryan where they will make their home.

The brother is a brother of Modest Pemberton of the New Cameron Drug Store.

S.S. CLASS PARTY

Beautiful home grown flowers were artistically clustered into bouquets and rested throughout the reception rooms when Mrs. Cecil Culpepper and her mother, Mrs. T. S. Henderson were joint hostesses to a party for the Friendship Class of the Baptist Sunday School, at the Henderson home Monday evening.

Merry indoor games and amusing stunts held interest in the rooms, conducted by the hostesses. Later they served their guests with ice cream and cake.

There were seventeen class members present. Mrs. Culpepper is teacher of the class and Mrs. Henderson assistant teacher.

ENTERTAINS WITH DANCE

Mrs. Henry Hefley entertained Thursday evening with a dance in honor of the graduation of her daughter, Miss Henriem Hefley, who was graduated from Yoe High school this term.

The home was attractively decorated with summer flowers, featuring a pretty green and yellow theme.

Guests were drawn from the 110 graduates of this year's class. Joe Rowland furnished the dance music. The hostess was assisted with the hospitalities of the occasion by Mrs. George Waller.

A pretty angel food cake topped with a miniature college graduate holding a tiny diploma, was cut and served with lime ice at the conclusion of the evening.

Out of town guest was Miss Minnie Nell Drury of Bishop.

ion of laterel roads. Under the terms of the bill, as explained by Chairman Love, all costs of construction will be paid by the government on lateral roads. It was deemed advisable to refer this matter to the Commissioners Court for action and Judge Kemp announced a meeting of the court Thursday.

Incorporated cities, Cameron, Rockdale and Thorndale, were represented at the meeting. Mayor Emory Camp of Rockdale and Mayor V. F. Norris of Thorndale being present. Alderman Jackson, McDermott and Slocomb appeared for Cameron.

Municipal governments must make their own applications for loans under the act.

It was believed the Commissioners Court would make an effort to build a building to house the offices of the Assessor and Collector, combined under the terms of a recent amendment. Also the construction of a rest room for the public under approved Sanitary conditions was urged.

Whether the city would make an effort to take advantage of the government's offer was not announced.

Col. Lawrence Westbrook, director of the Texas Rehabilitation and Relief Commission is in Washington for a conference and has taken an estimate of approximately $200,000,000 for Texas' needs. Based upon this amount with 256 counties it is said the allotment to Milam county under available construction projects would be about $250,000.

Quick action must be had. Claims and estimates must be in the hands of the director at Austin within the month.

Chairman Love announced that he would serve only through organization period in Milam county. He termed the new venture as business and he will engage only in civic and charity work because of his ministry at All Saints Episcopal church.

Texas First Bale Is Sold In Houston

Texas first bale of 1933 cotton was delivered to the cotton exchange in Houston from Mission Tuesday. The cotton was transported by auto 400 miles.

bles, triples and one home run.

The home run came in the fourth inning and was hit by Nick Bailes with the bases loaded.

Allen Bean had a big day, getting three hits and scoring five runs in six trips to the bat. Russell got three hits and scored four runs. Nick Bailes contributed a triple along with his homer and Dick Craft hit two triples.

Two hits were turned in by Ken Lee while Rubba Koch got a single and lefty Bishop a double. Carl Craft and Babe Farrow, new catcher, were the only players to go hitless.

Ondrej, Cameron infielder, got the only hits for his club. He got a single in the opening inning and was thrown out stealing. He connected again in the ninth but was left stranded.

Cameron Comets lost a game Sunday to Temple by a score of 4 to 0 making the second loss in succession to the Surgeons.

LIONS REPRESENTATIVE

J. L. Clarkson, of Chicago, special representative for the Lions International, was in Cameron Tuesday in conference with local club members in the interest of Lionism in Cameron.

Mrs. Penn Wolf has returned from Temple where she visited Mrs. Pope Sapp in the hospital.

Miss Jessie Lowenstein left last week for Chicago where she is visiting relatives, and attending the World Fair.

A PLEASANT TRIP THROUGH THE MOUNTAINS

(By Miss Ruby Galler)

A pleasant round trip on June 3 and June 4 was very much enjoyed by Mr. and Mrs. Emil Kluge and sons, Emmett and Carlotis Kluge, Mrs. William Zander and Miss Ruby Galler all of Houston.

On Saturday, June 3, Mr. Kluge decided on taking a round trip by the way of Brenham, Elgin, Austin, Fredericksburg, San Antonio, Victoria and back to Houston. Then a motion was made that the trip will be taken.

So we left on the trip about eight o'clock Saturday evening, came to Elgin 15 minutes until nine o'clock. Had a real nice ride through the town for about a quarter of an hour, then enjoyed a good supper, then went to a camp cottage where we spent a quiet and peaceful night and at about 4 or 5 o'clock a. m. we left for Austin where we spent a couple of hours and then headed for Fredericksburg, through the mountains, which was very much enjoyed by all. We reached Fredericksburg at about 9:30 a. m. Then a real nice plate lunch and ice cream was enjoyed. During the dinner hours we went riding through the mountains, saw lots of different kinds and shapes of mountains. Finally we came to a real high mountain which had a cross on the top of it. The cross was placed upon the mountain by the first settlers that came to that country. But the beautiful mountain was the one that we all climbed up. It was about 3000 feet high, and at the very top of it was a balanced rock, which was 10 feet by 12 feet. The rock is standing on two pins six inches tall and one half inch in diameter. The mountain was also covered by lots of other beautiful rocks which were of many shapes. After we had spent an hour or so on the mountain, we went through the other mountains, and up and down and around the horseshoe bend, and so on to San Antonio, where we enjoyed ourselves very much by riding around in the park where we saw many different kinds of things. After riding around in the park for some time, we went riding around in town. We saw the old Alamo which we were all glad to see. So about 4:30 o'clock p. m. we left San Antonio and went to Victoria and spent quite a while in Victoria, then went on through Rosenburg, Richmond, Sugarland and at about the time we reached Houston it was twenty minutes after two o'clock, a. m., Monday morning.

The total of our trip amounted to 69 towns and cities, 40 gallons of gasoline, 712 miles, and we did not drive over 45 miles an hour. The trip was very much enjoyed by all.

Side Quit Hurting, Got Stronger, Well; CARDUI Helped Her

WOMEN! Get rid of the handicaps of a weak, debilitated condition with the assistance of Cardui.

Mrs. R. L. West, of Huntsville, Ala., writes: "I was weak and run-down. I had a pain in my side, and I kept losing weight. I grew nervous over my condition — this was unusual for me, for I am very cheerful when I am well and don't easily get nervous. I knew I ought to take something. My aunt told me I ought to try Cardui, which I did. I began to feel better. I kept it up until I had taken three or four bottles. My side quit hurting and I was soon feeling strong and well."

Cardui is sold at drug stores here.

Milano Man Will Celebrate Birthday On 90th Anniversary

William Henry of Milano plans soon to celebrate his 90th birthday. He is 88 years of age and was a visin company with his granddaughters, Mrs. R. Brennon and Mrs. G. C. Sloan.

Grandpa Henry says he will have friends from Oklahoma to the Rio Grande to celebrate with him on his 90th birthday.

Among those he hopes to have with him is Evangelist Richey of Houston. He was among the first to give $10 to build the Richey tabernacle in Houston. Evangelist Richey is his friend.

BUCKHOLTS

Mrs. G. C. Cecil and little son, Granville of Alto are guests in the home of Mr. and Mrs. Henry Garlisch, while Rev. Cecil is attending school in Georgetown.

Mrs. Ross Dabney and daughters, Misses Virginia and Ivy Jean, spent the week end in Heidenheimer and Temple.

Miss Ollie Ezzell who has been attending school in San Marcos is at home for vacation.

News came to Buckholts Sunday evening of the death of Elbert Ray at his home near Rogers. Elbert formerly lived here, and attended school here and had many friends who grieve at his passing.

Miss Joe Williams, who has been in school in San Marcos is home to spend the remainder of summer.

Mr. and Mrs. John Kuzel and children were Austin visitors Sunday.

Thomas Criswell of Calvert was a visitor in the H. N. Harris home Tuesday morning.

Mr. and Mrs. Greely Secrest and son, Horace, of Rankin, Texas, are visiting in and around Buckholts.

Miss Gladys E. Harris is attending the Worlds Fair in Chicago.

Mr. and Mrs. J. P. Skinner and children are visiting in Abilene, where they are guests of Mr. and Mrs. Jack Hamilton.

Mr. and Mrs. Hugo Horstmann left Thursday for Lubbock where they will attend school.

Marvin Slovacek of State University, Austin, is at home for the summer holidays.

Joe Tomascek, 65, died Sunday at his home at Ocker after an illness of long duration. Surviving him are his wife and nine children and other relatives. He was a brother of John Tomascek of Corinth and uncle of Frank Kohut of Buckholts. Interment was made in Corinth cemetery Monday afternoon.

Mr. and Mrs. Elimar Horstmann and family are spending this week in Galveston.

Mrs. Ross Dabney and daughter, Ivy Jean and Mrs. Sam Mewhinney were Holland and Bartlett visitors Tuesday.

Mr. and Mrs. Albert Zajicek and little son spent the week end in Midfield and Palacias.

Field Day June 30 To Take 600 Farm People To College

On June 30th the Main State Experiment Station located at College Station is inviting not less than 600 farm men and women to be guests at the F and B Station for a field day.

We want farm men and women, editors, bankers, teachers and other leaders—adults only to make this trip.

Friday, June 30th, 1933, 9 a. m. to 3 p. m. F. and B Station farm, College Station one mile north of A. & M. College and park in grove.

A free barbecue dinner will be given, a tour of the hog farm, poultry farm, dairy farm, horticultural farm, field test plats and other major experiments—an interesting program for both men and women—something that has never been done before.

Many facts in the field of agriculture and livestock can be seen now that will be of great value to the farmer of this immediate section within 100 miles of the staton. No Station field day has been planned thus far so complete as this one.

The committee has set our quota for Milam county at 50 people and they will be expecting that many more.

For further information in regard to this trip see County and Home Demonstration Agents.

Geo. Banzhaf, County Agent, Milam County.

Boy Scouts

TROOP NO. 52
J. A. Lindle, Scoutmaster

Troop No. 52 held their regular meeting Friday night with a fair attendence, although several of the boys were absent, some of them being out of town. The meeting was opened with a familiar song led by the song leader, and the business meeting was given over to further discussion of our camp which we hope to be able to hold on Little River next month. We are sorry that none of our boys will be able to attend the Heart O' Texas camp. For this reason we hope to be able to have a short camp of our own. There was no patrol meeting held, and after a few choice harmonica selections by Paul Michalka,, several spirited games were held, the most interesting being "swat 'em" and "bug-in-a-rug." After this an exciting boxing match was held between Andrew H. Brown and Bull Neck Mooseface, the impersonators being Paul and Ernest Michalka. The meeting was closed with the scout oath and law.

Troop 52 won their fourth game of the season Sunday afternoon when they defeated the Copeley team on the Baskin Farm by a score of ten to five. Obie Jackson pitched a splendid game for Copeley allowing nine hits and retiring 15 men by the strike-our route, but errors were costly. J. Stewart led at bat for Copley with two hits a single and a double. Frank Ermis, pitching for Troop 52 went hitless to the fourth inning, then allowed five hits to the sixth, retiring seven by the strike-out. "Hank" Matula went into the box in the seventh inning, and allowed only one hit and won three strike-outs. Paul Michalka won his way to the Troops Hall of Fame by his excellent fielding on the hillside, being able to sack everything that came in his direction, catching three center field flies that looked like home runs. Paul also led the boys at bat havng a .600 average, two singles and a triple. All of the boys were on the job and very active. The Troop will likely play Currie next Sunday on the Scout field on the west side of town. Troop 52 is also making a good showing in the class B section of the soft ball league.

Stop Getting Up Nights

Feels Much Better

"June 28th, 1932, I started taking Kruschen Salts. Have lost 20 pounds from June 28th to Jan. 10. Feel better than have felt for four years. Was under doctor's care for several months. He said I had gall stones and should have operation. Kruschen did all and more than I expected." Mrs. Lute Bright, Walker, Minn. (Jan. 10, 1933).

To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one half teaspoonful of Kruschen in a glass of hot water before breakfast every morning.

A jar that lasts 4 weeks costs but a trifle at any drugstore in the world but be sure and get Kruschen Salts the SAFE way to reduce wide hips, prominent front and double chin and again feel the joy of living—money back is dissatisfied after the frst jar.

Can't Eat Can't Sleep Can't Work

A Sign You're Rundown!

When your appetite has fled and you're so tired and nervous you can't even work, much less sleep, it's a sign you're rundown. It may be due to overwork, worry or sickness, but whatever it is, your condition calls for a good tonic. There is nothing better than Grove's Tasteless Chill Tonic, for it is iron and tasteless quinine combined. Iron, as you know, is a noted blood builder, while quinine tends to purify the blood. Thus you get two effects of vital importance in any rundown condition.

Old and young find new appetite, new strength and energy in Grove's Tasteless Chill Tonic. Try it for just three days and see the difference it makes in you. You feel like a new person. Grove's Tasteless Chill Tonic is pleasant to take and contains absolutely nothing harmful. Get a bottle today at any store.

LOW PRICE CARS VS. CHEAP CARS

We do not build a low-price car: the cost to us of building our car is pretty high.

But we do sell a high quality car at a low price.

Almost every new Ford V-8 car we have built so far this year, has cost more to manufacture than its selling price was. As you buy them at only $490 to $610, we have to depend on increasing volume to make up the difference.

The reason for this is simple: -- a manufacturer who gives good value must expect to lose money on the first cars he sells because he cannot charge all his costs to the people who are first to buy.

But with the purchaser it is different -- he cannot afford to lose anything on a car. It must give him full value from the first, and keep on giving him full value for years.

Two things make possible our combination of low prices and high cost quality:

1. Volume Production
2. Taking only one profit

First, we set our price at what would be fair to the public on the basis of economies we enjoy in volume production. Then, in order to justify and maintain our low price we must get volume sales.

Thus it comes that a car which is really high-cost to make, is also low-cost to buy.

There is a difference between a cheap car and a low-priced high quality car.

Ford prices are always fixed at a point which makes it profitable for a customer to buy.

Good and lasting business must produce profit to the buyer as well as to the seller. And of the two, the buyer's profit must be, comparatively, the larger one.

It pays us to sell the Ford V-8 because it pays you to buy it.

Henry Ford

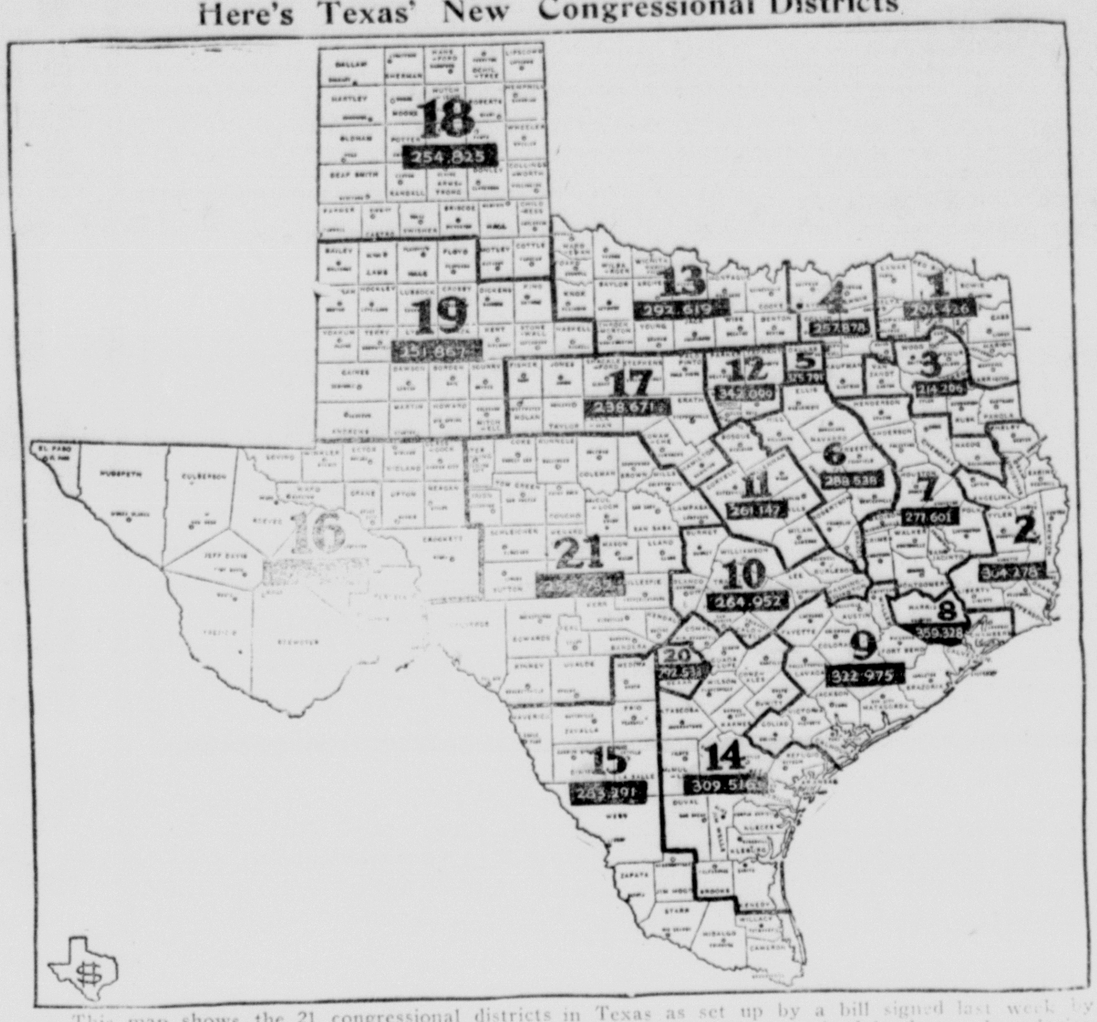
Here's Texas' New Congressional Districts



This map shows the 21 congressional districts in Texas as set up by a bill signed last week by Governor Ferguson. Under the plan none of the 18 former districts retained its former boundaries, and some of the new ones drew counties from as many as five of the old districts. Three districts in which San Antonio, Dallas, and Houston are composed of single counties, and have larger populations than many of the 18 old Texas districts.

Jack Dempsey May Bring Title Bout To Texas In Fall

Jack Dempsey, former heavyweight champion and now promoter of fights, may bring the title bout to Texas this fall between Max Baer and Jack Sharkey.

Governor Ferguson has approved the bill legalizing fighting in Texas The bill will become law on September 1.

It is said that Dempsey planned to bring a title match to Texas in the event the legislature legalized boxing.

Old timers recall the controversy that raged during the mass production of moral reforms in the Nineties. Governor Culberson in 1895 convened a special session of the legislature to prevent a fight in Dallas between Jim Corbett and Bob Fitzsimmons.

During the terms of Moody and Sterling Texas Rangers were used to suppress prize fighting in a number of Texas towns.

Another historic disturbance was the wild excursion down the Rio Grande from El Paso to Langtry when fight fans staged a title bout between Champion Fitzsimmons and Peter Mahr. Rangers had stopped the fight in El Paso and so a hop down in the big bend where Roy Bean was law west of the Pecos was decided upon.

The ring was pitched in the bed of the Rio Grande. Fitzsimmons knocked out Mahr in the third round.

Cotton Acreage To Be Reduced 30 Per Cent By New Bill

Washington.—Retirement of 30 per cent of the south's cotton acreage this year—at least 10,000,000 acres—was regarded as about a certainty today after the senate had adopted the Bankhead amendment to the $3,00,000,000 industrial recovery-public works bill.

The amendment, introduced by the endorsement of the administration, Senator Bankhead, democrat, Alabama, has the endorsement of the administration and is practically certain to be accepted by the house, allowing Secretary Wallace to go ahead with his plans for acreage reduction.

The measure would make $100,000,000 available for the program. The farm act also made $100,000,000 available for the same purpose.

Cotton is up 100%
Rubber nearly 200%
